CUSTOM COLOUR SCHEMES FOR YOUR HISTORIC HOME

“Their sense of colour recaptured the historic exterior delightfully.” -Terry Speth

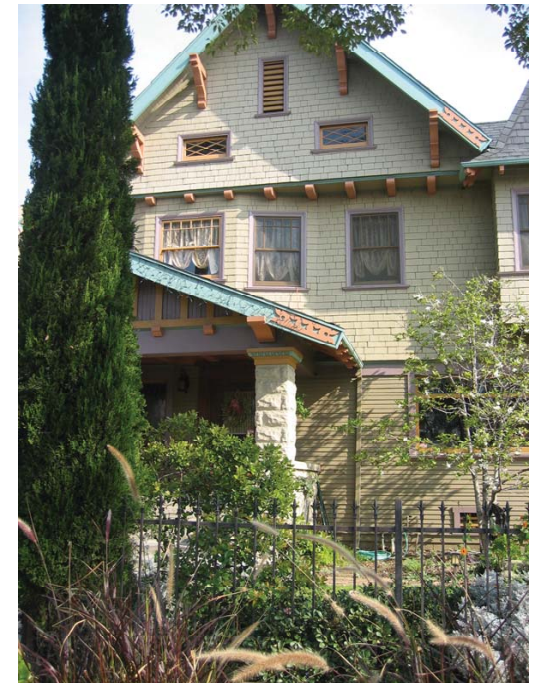

“The Coloured By Time service has already paid for itself. After renovations and painting my historical home, its value has appreciated remarkably.” -Zelma Schwartz

“When I bought my house in a historical district, it was the worst-looking house on the street. After using Coloured By Time and getting it painted, I’m proud of my home. It really stands out on the street.” -Michael LaChance

“The service was quick and easy. I was on a really tight schedule to get my house painted. The Coloured By Time professionals were very efficient and knowledgeable.” -Fred Puirruh

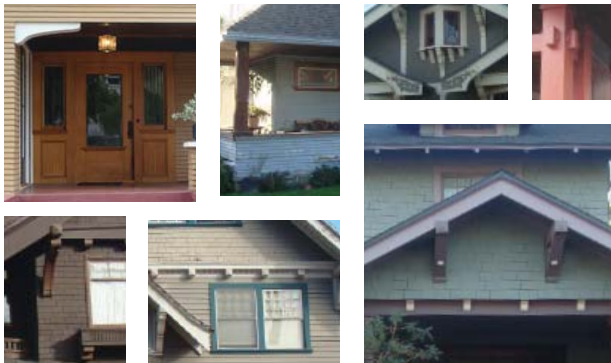

“I knew I lived in a historic district, but I wasn’t sure what was needed for my neighborhood’s Design Review Board. Coloured By Time helped me satisfy all the Board’s requirements, while using a color scheme that I love.” -Julian de la Torre

Our service identifies exterior house paint or stain colour schemes for historic homes. We highlight the house's architectural features, making it look stunning and elevating its presence on the street. The process includes expert help in choosing historic colors from carefully planned palettes.

We utilize an extensive knowledge of historic architectural styles, how these styles were initially coloured, and significant architectural features, to return the house to its original splendor. We have experience colouring many architectural styles, including Craftsman, Spanish Revival, and Mediterranean, among others.

The process is interactive and flexible, designed to accommodate your re-painting schedule. We provide three levels of service depending on the urgency the project's time frame. The resulting combinations and schemes can be used directly or modified as the project is completed. The colours provided can be reproduced by any local paint store.

Our homes have won awards after being repainted and have been published in the pages of magazines such as *Victorian Homes*, *Cottages and Bungalows*, *LA home & decor* and *Homes of Color*. However, our primary goal is a client satisfied with their newly-colored house, enjoying compliments from strangers and neighbors alike.
